SEATTLE RISES TO CONFRONT TRUMP'S POWER GRAB—JOINING MILLIONS NATIONWIDE IN #NOKINGS PROTESTS

SEATTLE, WA— On Saturday, October 18, Seattle will unite like never before—flooding Seattle Center to send a message echoed in 2,500+ #NoKings protests across our nation: We will not bow to a king.

Seattle's resistance is growing to meet this historic moment. In April, 25,000 rallied to say #HandsOff. In June 70,000 marched, joining 5 million+ nationwide. Now, as Trump orchestrates a government shutdown to strip our healthcare, jobs, and protections—and deploys troops in our streets to crush dissent—Seattle rises again.

"Trump is trying to divide, distract, and dominate us," said protest organizer Kathleen Carson of Seattle Indivisible. "We know this playbook—Dictators divide to conquer. We unite to resist."

The mass protest in Seattle is part of an October 18 national day of peaceful action organized by the No Kings coalition. Seattle's rally will feature live music, powerful speakers, and a march through downtown Seattle.
